Take this.
What is it?
It will help resurrect me but you have to find the other half first.
Uncle!
What difference is this from trying to find a mosquito's leg in a hot rainforest?
This is more important than a mosquito's leg!
Bang
You must be joking!
Because you were destined to go to that place!
You will help me find it...

Note: ShengNan's mom talks like royalty would, using the royal "we" instead of "I".

The school called?
It seems the teacher had to inform my guardian...
It smells so good!
Steamed dumplings! Our favourite!
Mom, catch the steamed buns!
CLOSE
ShengNan! If you don't study properly...
In the future, how are you going to inherit our kingship?
Mom! The steamed buns are cold.
Heat them up before you eat them!
Sigh...

Of the school's 10 ghost stories, the oldest one...
The school has 12 floors...
禁入
And after 12 at night, stairs appear leading up to the 13th floor.
No one knows what exists up there.
Because everyone who went up...

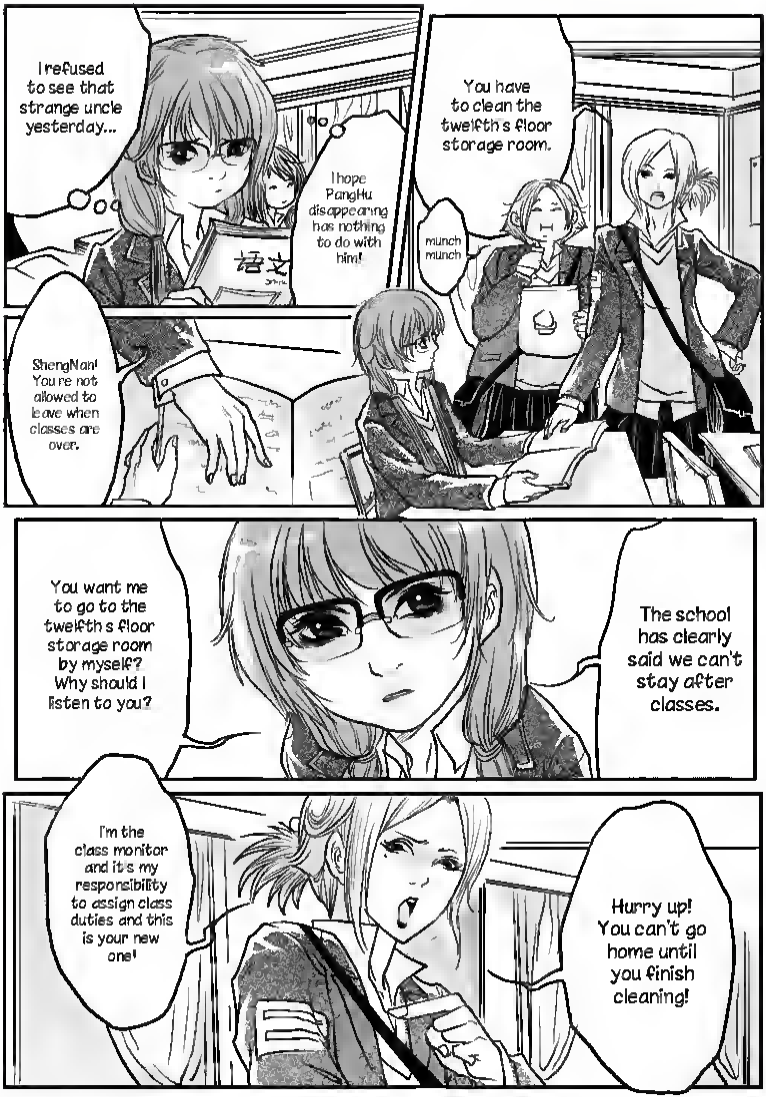
Yesterday... PangHu went missing!
I'm not just pulling this out of thin air!
And the policeman in charge of the investigation is my uncle!



I refused to see that strange uncle yesterday...
I hope PangHu disappearing has nothing to do with him!
You have to clean the twelfth's floor storage room.
munch munch
ShengNan! You're not allowed to leave when classes are over.
The school has clearly said we can't stay after classes.
You want me to go to the twelfth's floor storage room by myself? Why should I listen to you?
I'm the class monitor and it's my responsibility to assign class duties and this is your new one!
Hurry up! You can't go home until you finish cleaning!

Don't worry about that!
Just quickly clean inside.
Why won't you come up?
Someone like you can't hug him as you wish! You should just die!
Wretch! Everyone likes senior JunHao.

This place...
It must not have been cleaned for a few hundred years.
There's a whole artwork of cobweb cities.
Well, let's get this battle over with!
WAA
What's this?
Missing Students Record
Aiya, there's so much stuff!

Every few year, a student goes missing from the city.
This...
This is...
Mom?!
She went missing in the seventies? Is this some kind of joke? This must be a mistake!

Who's there?
Class monitor, is that you?!
Don't lock the door! Open up!

Bang!
It's really dark in here! Please open the door!
I'm sorry... but you don't belong in this world.
